AFTERWORD

Thank you very much for buying the first volume of "Ouja no Yuugi"!

In charge of the afterwrd is this pretty boy with the bob cut. Why? Because I just wanted to draw a pretty boy.

With bob cut.

Bob cut!!!

Book shop

Huh?

What would you like to have for the cover?

As for me, I had absolutely no idea!

This time, when we began discussing "Ouja no Yuugi", it was not about the content, but ... about the cover!

This was before the summer started...

This one is too rough... And this one is too glossy...

After looking carefully at books, I indeed noticed that various paper and materials were used.

Isn't it a bit too expensive...

Sparkling with enthusiasm

The Plan!

...medium, glossy, rough...

Here are various materials, different types of paper...

And so, we all finished the first volume.
To make covers is an incredibly interesting job!

I wonder, how well I've done?

Please, pay more attention to the cover! It is great!

See you again in the next Volume!

The positioning of the drawing, and the size of the font...
By modifying colors a bit, the designer changed the whole athmosphere, It looks so cool!

Choosing paper, selecting pigments...
Me <--> Coordinator <--> Designer
We were working, and working...

Sorry again!

The lines of the face... That won't do, I have to redraw!

Nice suit...

Not useful at all

I see... But this...

The colors here...

We regularly met to discuss the project and to share our opinions....
